

Gardening Contractor wanted for St. Patrick's Infants National School

8 Hours per month

- Should have experience of dealing with exposed hillside landscaping. Must understand and be demonstrably experienced in principles of organic weed and pest control and have an understanding of ongoing organic soil treatment and development.
- A willingness to provide planting material including the use of plant division and sourcing of new plant types is expected.
- Project work will include sourcing materials and constructing compost bins, planters and other maintenance elements.
- Creativity and the ability to work with a minimal budget is necessary.
- A willingness to take direction in relation to planting plans and projects is required, in tandem with personal initiative in relation to addressing obvious seasonal maintenance needs.

Please send your application with CV, references to The Chairperson, St. Patrick's Infants NS, Gardiners Hill, Cork on or before Friday July 21.
